

ISO 9001 for Quality Management

Rainbow has been awarded the ISO 9001 Certification for Quality Management. This itself shows our commitment towards quality. We constantly monitor our production to increase efficiency and maintain the quality standards and are technically equipped to manufacture high end quality products. We constantly endeavor to streamline our operations, increase our market share, drive down costs, manage risk more effectively and improve customer satisfaction.

ISO 14001 for Environment Management

Rainbow has also been awarded the ISO 14001 Certification for Environmental Management. ISO 14001 is an internationally accepted standard that sets out how you can go about putting in place an effective Environmental Management System. At Rainbow we make a conscious effort to reduce our Environmental impact. We believe in Reduce, Reuse and Recycle. We not only use recovered waste paper as our primary source of raw material but also endeavour to recycle all process waste into reusable products.

OHSAS 18001 for Occupational health and safety

OHSAS 18001 is the internationally recognized assessment specification for occupational health and safety management systems. As an OHSAS 18001 certified company, we promote a safe and healthy working environment through development of a framework that allows us organization to consistently identify and control our health and safety risks, reduce the potential for accidents, aid legislative compliance and improve overall performance.
